Grandparents Raising GrandchildrenSM

What if... Your grandchildren were suddenly without a parent to care for them?

What if... You had to care for your grandchildren 24 hours a day, 7 days a week?

What if... You had to support your grandchildren with security, love, food, medical care, clothes, childcare, discipline, homework help, transportation to activities, and everything else that goes along with being a parent?

Caring for children is challenging for anyone, but especially challenging for grandparents who are 55 or older.

Some are:

- Single
- Barely able to make ends meet before they were responsible for grandchildren
- Working more than one job
- Dealing with their own medical challenges
- Disabled and unable to work
- Trying to negotiate the legal requirements to gain custody of their grandchildren
- Trying to find the social services that can provide support for their grandchildren

All of this may create insecurities, stress, and physical and mental health issues.

How can the **Grandparents Raising GrandchildrenSM** program help?

It provides one-time emergency relief by covering some expenses such as rent or mortgage payments, utility payments, car payments or other basic necessities. All potential candidates are interviewed and the needs assessed. Recommendations are made to the Community Fund's Board of Directors for funding approval. Payments are made directly to the provider and not to the grandparent. Gift cards for clothing or other appropriate items may also be provided.

In addition, other forms of family assistance may occasionally be provided including finding local resources to provide assistance, gift cards at holidays, and attending area events as guests of the *Cresswind LL Community FundSM*.

The requirements for assistance include grandparents who are:

- 55 or older
- Hall County residents
- Legal guardian or similar status to the children
